

# HERMAN REGAINS CHAMPIONSHIP

New York, July 25.—Pete Herman of New Orleans regained the world's bantamweight championship at Ebbets Field tonight by receiving the judges' decision over Joe Lynch of New York after a fifteen round bout.

Herman, staging a sensational comeback, had the better of thirteen rounds, and was even and the other went to Lynch.

The New Orleans boy forced the fight from the opening bell. He worked his right and left effectively and Lynch's frequent fall found him ready to mix. Lynch claimed that he injured two fingers of his right hand in the fourth round.

Herman is one of the few fighters to regain a lost championship. Stanley Ketchell after being knocked out by Billy Backus returned the favor in a later bout for the middleweight championship.

Jack Britton and Ted Lewis have alternately held the welterweight title. Lynch is the third champion Herman has defeated this year. He knocked out Jimmy White, English flyweight in London last winter and only three weeks ago felled Jim Higgins, the English bantamweight champion, in 11 rounds.

After the bout tonight Herman's admirers swarmed into the ring to congratulate him. They carried him on their shoulders to his dressing room.

Just before the main bout started a crowd of men and boys surged over the ropes in the field, brushed aside policemen and found seats in the stands. This caused more cheering than the arrival of the fighters.

A lone hold-up man poked a revolver through the glass in one of the ticket booths while the lights at the park were temporarily extinguished by the blowing out of a fuse and a rebek a ticket taker of \$200. He made his escape in the darkness.

The robbery took place in the presence of a score of police and private detectives, who were on guard in the main stands. The gates to the park were immediately closed and extra police summoned to preserve order among the large crowd which was seeking admittance.

In the first preliminary of 3 rounds, Willie Spencer, 122 pounds, was given the judges' decision over Frankie Bailey, who weighed 115. Both are New York boys.

Jack Delaney of Bridgeport, Conn., knocked out Bert Collins of Los Angeles, California, after one minute and 37 seconds of fighting in the seventh round of a scheduled eight round bout.

Joe Lynch of New York entered the ring at 10.15 and was given an ovation by the crowd. Pete Herman followed almost immediately and also received an outburst of applause. Patsy Haley of New York city was the referee of the main bout.

Lynch's weight was announced as 114 1/4 and Herman's the same.

**ATHLETES WORKED OUT TOGETHER AT PALMER STADIUM**

Princeton, N. J., July 25.—The Oxford-Cambridge track squad and the Princeton and Cornell athletes worked out together in the Palmer Stadium today in preparation for their meet Thursday at Travers Island. The best of good fellowship was in evidence and in many cases the athletes of the two nations swung through their exercises together.

The feature of the practice was a hammer throw by Nole of 175 feet, nearly twenty feet better than his best of Saturday. Another of his tries went over 171 feet.

The English team did very light work today, limbering up after their meet on Saturday.

# GOOD YEAR

## A Real Bargain for Owners of Small Cars

In the past five years nearly 5,000,000 of these popular 30 x 3 1/2 inch Goodyear non-skid tires have gone into service. More than a million of them are in use today.

Now you can buy these tires, of big size, strong construction, and long-wearing treads, at the same price you are asked to pay for unknown brands.

Why take a chance on unknown tires, when you can get Goodyear quality at as low a price? See your Goodyear Service Station Dealer today.

# FINANCIAL AND COMMERCIAL

**MARKET CLOSED IRREGULAR.**

New York, July 25.—A fair measure of activity and strength, especially among metals, equipment and rubber, sugar and tobacco, characterized the market today. The week on the stock exchange. Part of this advantage was cancelled in the late drift of the later dealings, the market closing irregularly. Sales amounted to \$38,000 shares.

Sentiment respecting general industrial and commercial conditions was better, there was little in the day's operations, however, indicative of a material limitation of commitments for the short term.

The failure of a prominent brokerage house with local and Philadelphia connections suggested that certain weak features in the market's technical position were in process of further readjustment or liquidation.

Offerings of call money at 1-2 per cent, later shaded to 3, were larger than at any time since the disbursement of July interest and dividend payments. Time rates between 10 and 15 per cent, were in demand. Interior business again bought liberally of merchants' paper.

Foreign exchange was the one branch of the financial markets in which reactionary conditions prevailed. The London rate for demand bills fell to a fraction under \$3.57 and continental quotations yielded variably.

Trading in bonds was moderately active, industrials and rails adding fractionally to last week's gains. Liberty issues closed mostly at higher levels, but international was mixed. Total sales (par value) aggregated \$10,875,000.
